Foster Application

We are thankful you want to foster a pet from Nykol's Rescue. The following information is required so that we can assist you in the selection of your foster pet. This form, and consultation, with a Nykol's Rescue representative is designed to help us determine the best fit for your lifestyle.

Fostering a dog on a temporary basis is a crucial part in the success of a future adoption. The dog is given an opportunity to adjust to a home environment, and we are given additional time to find a permanent home. We ask that our fosters commit to transporting their foster dog to any necessary vet visits, or future adoption events. If you are unable to, we will do our best to provide volunteer transport.

Nykol's Rescue is responsible for all of the dog's medical care while in our foster program. Nykol's Rescue provides all the food and supplies while the pet is in your care, unless you would like to do so yourself. All of the supplies you purchase for your foster pet is often tax-deductible (check with your tax advisor).

If you decide to adopt your foster dog, **THERE IS AN ADOPTION FEE** - This helps us cover the spay/neuter of your new pet, current vaccinations and any previous medical care. A binding contract will be required to adopt the dog.
